

## ENVIRONMENTAL POLICY STATEMENT

We, at Greenserve, are committed to the prevention of pollution and the minimisation of the impact of our activities on the environment, and to meeting or exceeding all relevant environmental legislations and other requirements to which we subscribe, included those of our customers. We will manage these risks through compliance of our Management System and will review and improve the contents within it, ensuring the company continues to effectively manage its risks.

Our Policy is to:

- Set, monitor and review environmental objectives and targets
- Integrate the consideration of environmental concerns and impacts into our decision making and activities
- Minimise our waste as much of it as possible
- Minimise energy and water use within our premises in order to conserve supplies and minimise the consumption of natural resources
- As far as is possible, purchase products and services that do the least damage to the environment
- Train, educate and inform our employees about environmental issues that may affect their work
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner
- Communicate our environmental commitment to customers and visitors, and encourage them to support it
- Communicating our policy to all personnel, visitors and contractors

Our Policy will be reviewed annually or in response to improvement to our Management System.
